**Welcome to your Urgent First Aid™ Cabinet!**

This first aid cabinet was assembled right here in the USA of domestic and imported content. The cabinet itself was manufactured to the highest standards, exceeding ANSI and ASTM guidelines, in California. We are taking this extra care and providing extra quality to build more lifetime customers. This sheet will assist you in taking inventory of your cabinet and reordering from the Distributor that sold you this Urgent First Aid™ Cabinet.

**Keep this sheet!**

Keep it with your kit. You may also want to make a copy (or snap a picture) to keep on file. If you have lost this sheet, you can visit our website to download another. We do not sell directly to consumers. We sell only through quality Distributors that invest in servicing their clients' individual needs and assure availability of the products these clients require for their safety and regulatory compliance. We strongly suggest that you return to the Distributor that sold you your cabinets for all refills. This way you know you'll be getting the quantity and box size necessary to fit in your cabinet and keep it in compliance. If you don't have the contact information for your Distributor click on "Where to Buy" at [www.UrgentFirstAid.com](http://www.UrgentFirstAid.com) to find an authorized reseller that can assist.

1 Cold Pack 4 x 5 in.	2 Trauma pad 5 x 9 in.
2 Eye Covering w/ means of attachment 2.9 sq. in.	1 Triangular Bandage 40 x 40 x 56 in.

The described kit may be suitable for some businesses. However, the adequacy of the contents for hazards of each work environment should always be evaluated by competent personnel. Kits should be inspected frequently to ensure the completeness and usability of all first aid supplies. Any supply beyond its marked expiration date should be discarded and replaced. For a variety of operations, employers may find that additional first aid supplies and kits are needed.

**ANSI (American National Standards Institute) & Urgent First Aid™ Recommended Supplemental First Aid Supplies for Consideration – Applicable Environments**

It is recognized that each work environment is unique and it is expected that a first aid kit containing the minimum required first aid supplies will be augmented with additional items or additional quantities of required supplies based upon the specific hazards existing in a workplace environment. The selection of such items should be based on the recommendation and consultation of a person competent in first aid, and cognizant of the hazards, and on the number of people found in the workplace. Federal, state and local requirements should be consulted, where appropriate. Augment kits with the following first aid supplies, as applicable:

ITEM#	FIRST AID SUPPLY	PURPOSE
<a href="#">5020-0019</a>	Hemostatic Agent	For individuals with compromised clotting or uncontrollable bleeding
<a href="#">2799250</a>	Electrolyte Replacement	Heat-stress related injuries
3239	Glucose Replacement	Diabetic or hypoglycemic episodes
<a href="#">31114</a>	Analgesics (oral and/or topical) / anti-inflammatory	Pain management; swelling control
<a href="#">G486</a>	Hydrocortisone	Itchiness and skin-related reactions including rashes
<a href="#">324048</a>	Antihistamine	Allergic reactions
<a href="#">SH77ML</a>	Foil Blanket	Treat shock and/or cold-stress related injuries
N/A	Low Dose Aspirin	Used to treat suspected heart attack
